RE: Docket No. 07-16

Dear Secretary Dortch:

My cousin and I own a specialty chocolate shop in Tampa, Florida. I am in support of Docket No. 07-16 because it would allow our small business to take advantage of on-line marketing opportunities and affordable broadband would be helpful in our day-to-day business as well as on-line sales.

According to the U.S. Census, there were more than \$26 billion in retail sales on-line in the 2nd quarter of 2006. That is a huge market that we would like to tap into. The M2Z proposal would make broadband fast and affordable for everyone.

Please keep America's economy strong and competitive with other countries that already have affordable broadband by passing Docket No. 07-16.

Sincerely,

Jacqueline Salcedo
